

EAST PROVIDENCE PUBLIC SCHOOLS

PUBLICITY CONSENT Revocation Form

Dear Parents/Guardians,

Photographs and video images of students in the East Providence Public Schools are routinely created for the purpose of sharing student achievement and celebrating educational programs with the community. Photographs are sometimes submitted to area newspapers, used in school publications and posted on our district/school websites. Videotapes/audio clips of particular programs within our schools are submitted to East Providence's cable channel for local viewing, and area news outlets occasionally cover special events within our district. Any student whose parent/guardian does not want their child's picture taken in group settings, is advised to step out of any group picture being taken. If a student's picture or work is used, these are the guidelines we follow:

- Only first names shall be used if referencing student pictures or scanned classroom work.
- Personal information will not be published.
- Documents will not include information that indicates the physical location of a student at a given time other than attendance at a particular school or participation in an activity.

Please put a checkmark in the box provided **only to revoke the right of the East Providence Public Schools** to use or publicly display your child's image, video or audio clip on the school website or other official publications without further notice.

I/We **withhold** East Providence Public Schools' permission to let my/our child's image, video, or audio clip be publicly displayed on the district website or other official media as described above.

I/We **withhold** East Providence Public Schools' permission to let my/our child's image, video, or audio clip be displayed for use in professional development of educational staff within East Providence classrooms or professional development center.
